**CAUTION - EXTERNAL:**

Dear Judge  
The Honorable Jesse M. Furman  
United States District Court  
Southern District Court of New York

I send you this letter as a follow up and further support to my letter sent to you on December 13, 2021.

I heard last week from an interview with one of the Plaintiffs, Arne H Fredly that they still are very determined to get a judicial review of how SIAF's "chinese" management has managed SIAF /an US registered company/

During December 2021 and January 2022 there was a good momentum in the process.

In order to be able to follow the court case we registered an account at your Pacer Service Center.

However , since January 2022 we cannot find any new information.  
Why is it so?

As a representative of the many but relatively small shareholders, we see the legal process with you as the only solution to our vulnerable position.

We are afraid that if the process takes too long time the chance to save the on going company or any value can be impossible.

Best Regards

First I want to

Thank you to the Plaintiffs , Arne H Fredly, Heng Ren SILK and Investments LP, representing us all SIAF shareholders and the US district court of New York / an impressive work has been done and now will start/

Thank you Euro China Capital / Carl Fredrik Danielsson for agree to withhold an involuntary bankruptcy petition and believes that operating SIAF back to health may be more beneficial for all.

A custodial temporary receiver is appointed by the court and accepted by the plaintiffs

The custodial receiver is planned to official be appointed after signatures from the defender the 23 of December and the Plaintiffs the 13 of Januari 2022.

"Within three days of that court Order , defendants Lee YIP Kan SOLOMON shall Surrender to the Receiver all keys, keycards, key fobs, premises, personal the whole company.

The temporary Receiver will have the sole control of the whole company and stay in total operational control of the company as long as required for the Court to determine whether a new permanent custodian shall be appointed.

The Receiver shall file audited and update financial disclosures with SEC and give updates to the Company 's board, shareholders including Plaintiffs, and the Company's major creditors.[color=red][color]

Further , how is it planned to give information about the results of the actions to us independent shareholders?

Best Regards
